DATA SHEET AUSGAR - Green Spiral Rubber ABR Material Handling Suction Hose

Manufactured from a specially compounded rubber, designed to be lightweight with an exposed rigid plastic helix for easy drag and a smooth bore to reduce friction loss and build-up of residue. With excellent resistance to chemicals and oil making it is perfect for vacuum truck applications for liquid waste, septic, sludge handling, chemical, dry material and grain transfer.

Hose Construction

Tube: EPDM blend - black

Reinforcing: PVC exposed rigid helix - green

Features

- Lightweight
- High Flexibility
- Smooth bore to reduce friction
- High abrasion resistance
- Ozone resistant
- · Weather resistant

Temperature

• -40°C to +60°C

Standards

Nil
